Green Seal™ Presents First GS-53 Certificate to PortionPac at ISSA 2012

October 24, 2012 – CHICAGO –Green Seal presented its first GS-53 Certification to PortionPac Chemical Corporation for its Pot & Pan Detergent and NeutraPac© floor neutralizer last week at one of the cleaning industry's largest tradeshows, ISSA/INTERCLEAN. The tradeshow, held at Chicago's McCormick Place, drew more than 15,000 janitorial product manufacturers, distributors, and contractors from around the world.

"Because there are so many manufacturers that are vying for the new GS-53 product certification right now, we are proud to be the first to market," said PortionPac president Burt Klein. "Receiving this recognition at the industry's annual tradeshow is very rewarding.

The Federal Trade Commission's new Green Guides, released earlier this month, codify the importance of manufacturers using independent, scientific certifications in sustainability claims instead of promoting products with unsubstantiated marketing claims.

Green Seal CEO Arthur Weissman presents GS-53 Certification to PortionPac Board Chairman Marvin Klein

PortionPac, founded in 1964, is the leading provider of pre-measured, maximum concentrate detergents. The PortionPac system reduces the resources used throughout a product's lifecycle of production, storage, distribution and disposal. The system minimizes environmental impact and eliminates the unsafe and ineffective habits of traditional cleaning procedures. PortionPac has been named a 2010 Top Small Company Workplace by Winning Workplaces and *Inc. magazine*. Please visit http://www.portionpaccorp.com.
